13 June, 2011**

Sendai Airport

Temporary Suspension of U/L Regulation at NRT and HND (2)

Ferry Boat on the building by Tsunami

Fukushima Nuclear Power Plant No.1

Temporary Suspension of U/L Regulation at NRT and HND (3)

Temporary suspension of the 80/20 slot usage rule at Narita and Haneda From 11 March to 29 October, (the end of Summer 2011 season)

(1) Winter 2010 season (W10)

The slots not used from 11 to 26 March were considered as operated when calculating the 80/20 slot usage. The SHL for Winter 2011 season distributed on 25 April reflected this U/L suspension.

(2) Summer 2011 season (S11)

The slots not used from 27 March to 29 October will be considered as operated when calculating the 80/20 slot usage. The SHL for Summer 2012 season to be distributed on 20 September will reflect this U/L suspension.

During Summer 2011 season, flights will be deemed as operated in accordance with JSC's file on 11 March.

Any ad hoc flights operated by utilizing the slots of cancelled services will not accrue historic precedence.

No decision is made beyond the beginning of Winter 2011 at this point in time.
