

Asia/Pacific Airport Coordinators Association (APACA)

Agenda Item 4
SHL & SAL Distribution

22nd APACA meeting
15 November, 2021

Notification of SHL date at WWACG Web Site

We have discussed this issue at the 19th APACA meeting on 12 November, 2019, at Brisbane, Australia, as there were many members who have not uploaded S22 SHL date/S22 SAL date yet.

The APACA members were reminded at the meeting as follows;

- Ø The members who have not registered their ID & PW should do it immediately.
- Ø The members who have already ID & PW should upload those dates as soon as possible.

However, the improvement made to date is very small.

It is very important for coordinators and facilitators to maintain good communications with airlines following the WASG 10.4.3 and 10.5.4. Therefore, we need to make efforts to do those mentioned above.

10.4 DETERMINATION OF HISTORIC SLOTS BY COORDINATORS

10.4.3 The coordinator must publish the date when SHLs were sent for each airport by the SHL Deadline at www.wwacg.org. Coordinators who regularly fail to distribute SHLs by the deadline will be contacted by WASB to discuss their compliance with these procedures.

10.5 REVIEW OF HISTORIC SLOTS BY AIRLINES

10.5.4 Airlines that do not receive an SHL message must request the SHL from the coordinator. Airlines should consult www.wwacg.org to confirm whether the SHLs were distributed for that airport. If an airline continues to experience difficulty obtaining an SHL from a coordinator, it should raise the issue with IATA.

Agenda Item 5

SHL & SAL Distribution

19th APACA meeting
12 November, 2019
Brisbane, Australia

Notification of SHL date at WWACG Web Site

10.4 DETERMINATION OF HISTORIC SLOTS BY COORDINATORS

10.4.3 The coordinator must publish the date when SHLs were sent for each airport by the SHL Deadline at www.wwacg.org. Coordinators who regularly fail to distribute SHLs by the deadline will be contacted by JSAG to discuss their compliance with these procedures.

10.5 REVIEW OF HISTORIC SLOTS BY AIRLINES

10.5.4 Airlines that do not receive an SHL message must request the SHL from the coordinator. Airlines should consult www.wwacg.org to confirm whether the SHLs were distributed for that airport. If an airline continues to experience difficulty obtaining an SHL from a coordinator, it should raise the issue with IATA.

As of 6 November

Notification of SAL date at WWACG Web Site

10.10 INITIAL COORDINATION

10.10.1 Coordinators and facilitators must inform each airline of the results of Initial Coordination by SAL message as soon as it is complete, but no later than 23:59 UTC on the SAL deadline date set in the Calendar of Coordination Activities. SAL messages should be sent at the same time to all airlines that requested slots at the airport.

10.10.4 Airlines that do not receive a SAL message must request it from the coordinator or facilitator. Airlines should consult www.wwacg.org to confirm whether the SALs were distributed for that airport. If an airline experiences continuing difficulty in obtaining a SAL from a coordinator or facilitator, it should raise the issue with IATA.

Registration of ID & PW to WWACG Web Site (1)

Screen image before login

The screenshot shows the WWACG website homepage. At the top left is the WWACG logo with the tagline 'WORLD WIDE AIRPORT COORDINATORS GROUP'. To the right, there is a search bar labeled 'LblSearch' and an 'Area filter' dropdown menu set to 'WORLDWIDE'. Below the logo is a navigation menu with links: 'ABOUT US', 'OUR MEMBERS', 'LIBRARY & NEWS', 'WORKSHOPS & SEMINARS', 'DIARY & DEADLINES', 'STANDARDS', and 'LINKS'. The main banner features a large image of an airplane in flight. Below the banner, there is a 'Login & password' section with two input fields: one for the ID (highlighted with a green circle) and one for the password (highlighted with a red circle). Below these fields are two buttons: a green 'Login ID' button and a red 'Login PW' button. The page also includes a 'SUBSCRIBE TO NEW ALERT' link, a 'WELCOME' message, a quote from Eric Herbane, a 'DEAR VISITOR' section, and a 'LATEST NEWS' section with three news items. A pink callout box at the bottom center contains the text: 'To get login ID & PW, Contact "secretary@wwacg.org"'. The footer contains information about WWACG members and their roles.

Welcome to the website of the Worldwide Airport Coordinators Group - WWACG

Eric Herbane
WWACG Chairman

Dear visitor,

Due to congestion of airport facilities including runways and terminal facilities around the world, a system was developed to aid in the efficient usage of the available resources.

Slots are allocated in accordance with guidelines set out in Worldwide Slot Guidelines (WSG). Airports throughout the world are categorised as either Level 1 (Non-Coordinated Airport), Level 2 (Schedules Facilitated Airport) and Level 3 (Coordinated Airport). Additionally, in some States or areas, such as in the European Union, legally binding regulations must be observed. They take then precedence. WWACG members and associate members execute their activities on the basis of the WSG, as well as national and local rules. About 320 airports worldwide are coordinated to (Level 3) or schedule facilitated (Level 2) standards.

WWACG members play a key role in the air transport activities by assuring that aircraft operators flight intentions and among them airlines schedules meet the capacity requirements at the busiest airports worldwide and that the planning of the traffic on these airports is not generating built-in delays.

MANAGE YOUR EVENTS

From this page you can create or modify an event concerning your agency, your country, or one of the airports you are in charge of.

Hiroki TAKEDA [Logout](#)

How to create, modify or delete an event:

Please comply with the Date Format : YYYY-MM-DD

For convenience the history of events will be retained for only 360 days for Slot monitoring & Airport Committees & specific events or 150 days for SHL & SAL dates.

The system allows you to choose

- a single airports
- all your airports in your country
- all level 1, 2, 3 airports in your country

On the right side of the screen :

- = validation of a new event
- = modify an event
- = copy an event
- = delete an event
