

Asia/Pacific Airport Coordinators Association (APACA)

Agenda Item 7

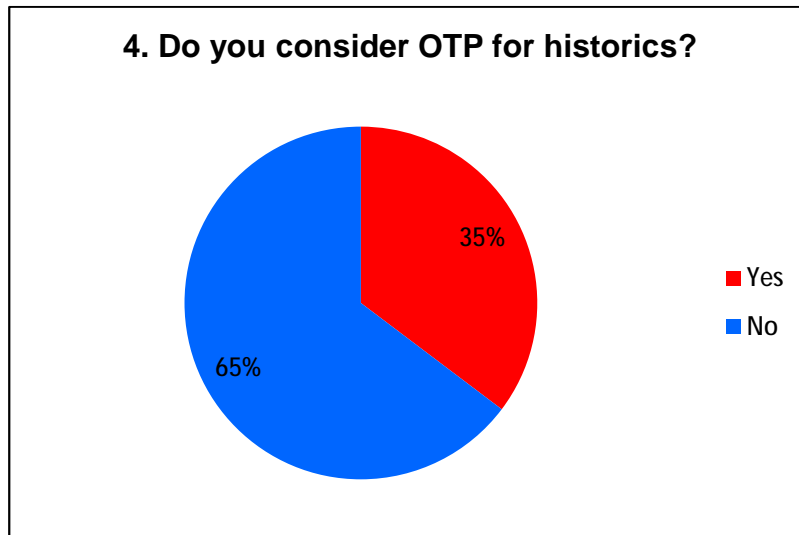

Proposed Changes to WSG Edition 2

4th APACA meeting
15 June, 2012
Barcelona, Spain

Proposed Changes to WSG Edition 2 (1)

The Results of APACA Questionnaire on Slot Monitoring (5)

4. Do you consider OTP (On Time Performance) of flights for calculation of historic?

The Conclusion

- The calculation of 80/20 and the evaluation of the operational performances are two separate things.
- In order to clearly define the difference, some modifications on the following clause of WSG or new clause may be needed.
 - Ø 5.5 Role of the Coordinator (5.5.1)
 - Ø 7.6 Use it or lose it rule
 - Ø 7.9 Intentional misuse of slots

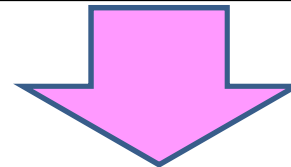

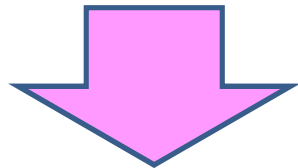

Proposed Changes to WSG Edition 2 (2)

WSG Edition 2

5. LEVEL 3 AIRPORTS

5.5 ROLE OF THE COORDINATOR

e) Monitor planned and actual operations, apply the Use it or Lose it rule, and report on performance to airlines, other aircraft operators, and the airport managing body.

WSG Edition 3

5. LEVEL 3 AIRPORTS

5.5 ROLE OF THE COORDINATOR

e) Monitor planned and actual operations, apply the Use it or Lose it rule, and report on performance to airlines, other aircraft operators, and the airport managing body. Monitor cancellations made after the Historic Baseline Date and any non-utilization of slots for the purpose of applying the Use it or Lose it rule.

f) Monitor planned and actual use of slots to identify any possible instances of intentional misuse of slots, and initiate a dialogue with the airline or aircraft operator concerned.
